Special Safe Placement Instructions \_\_\_\_\_

**SAFE RENTAL TERMS:** Submit Safe Position Plan To: [safereental@rollandtradeshowscompany.com](mailto:safereental@rollandtradeshowscompany.com)

**SAFE INSTALLATION PROCEDURES:** A detailed booth plan showing position of rental safe/ safes is no later than 4-19-24.

We accept any of the following plans:

- Option 1: A professional exhibit contractor plan (i.e. Freeman, EFI, Syma, etc.)
- Option 2: A hand-drawn plan, indicating all walls, enclosed rooms, doors, furniture, and potential obstacles. Indicate the front, sides and back boundaries of the booth.
- Option 3: Rolland Standard Safe Placement Installation Plan.

**Note: ALL SAFE ORDERS MUST INCLUDE SAFE PLACEMENT.**

Safes are installed several days in advance of Exhibitor Setup Day. No installation plan results in delayed safe placement.

**INSURANCE COMPLIANCE:** Exhibitors are solely responsible for insuring their show inventory. Rolland Tradeshow Company and JCK do not provide insurance coverage. The safe program has been reviewed and approved by most jewelry insurance companies. Each of the rental safe options fall into one of two distinct security levels with different insurance coverage limits:

- UL-rated TL30 Burglary rating – High Security Safe
- Non-UL rated “Class B” – Medium Security Safe.

Individual insurance policies have different coverage parameters for trade shows and specific safe models. Rolland Tradeshow Company and JCK advise Exhibitor to **consult with own insurance carrier PRIOR** to submitting safe order to determine which security level required for insurance compliance.

As the authorized representative of the listed company, I confirm that the above safe rental placement(s) is correct and accept the rental conditions as stated on my JCK Safe Rental Agreement submitted to Reed Exhibition Companies.
